SUMMARY

Results-oriented Frontend Developer with 2+ years of experience in developing high-performance, user-centric web applications using React.js. Skilled in implementing design systems using Tailwind CSS and Shadcn components, resulting in faster development cycles and improved code maintainability. Proficient in Redux, RESTful APIs, and modern front-end tooling. Passionate about code quality, team collaboration, and continuous learning to drive innovation.

SKILLS

Technical skills   JavaScript (ES6+), TypeScript, HTML, CSS, React.js (2+ years), Next.js, Redux, TailwindCSS, Tanstack Query, Zustand, Node.js, Socket.io, Babel, NPM, Git, Postman, Firebase, Vercel, Stripe

Soft skills   Problem Solving, Communication, Collaboration

FRONTEND DEVELOPER - FULL TIME

Frontend Developer   Feb '23 — Apr '25

TGH Tech   Kochi, Kerala, India

- Played a key role in the frontend development of **10**+ projects.
- Implemented scalable design systems using Tailwind CSS and Shadcn components, resulting in a **30**% reduction in redundant code and enhanced code maintainability across multiple projects.
- Implemented real-time chat functionalities in **2** projects using Socket.IO to improve user communication and support within the application.
- Implemented advanced filtering and infinite pagination features using TanStack Query, **optimizing data retrieval and enhancing the user experience** for large datasets.
- Developed **custom onboarding and authentication flows** for each user role, utilizing JWT tokens for secure, role-based access and page-level restrictions.
- Collaborated with teammates to resolve technical challenges, gaining hands-on experience with new technologies and development practices.
- Mentored **3** interns, improving their onboarding time and code quality.
